

SPECIAL EFFECTS EQUIPMENT

"Where Cool Stuff is Show Tuff!"

From Crawford International Theatrical Corporation

CITC PRESENTS... EXTREME MAKEOVER

"EQUIPMENT EDITION"

Most Equipment ...Disounted Bench Fees...Most Parts in Stock...Fast

EQUIPMENT COMPLAINING? CALL CITC!

"I need a cleanup!"

"I can't move...my pump is frozen."

"I'm drowning; you've overfilled me!"

"I have a few missing screws."

"Yuk! You fed me the wrong fluid *again!*"

" I'm bent and broken; fix me!"

"I'm dead until you 'fuse' me"

" It's hot in here! My wiring's melted!"

"I could use a good reconditioning."

"Isn't there an upgrade you can do for me?"

UPGRADE YOUR EQUIPMENT

The following equipment has been upgraded within the past 2 years:

Santa Snow Machine - Complete new 2009 model / cannot upgrade older units

LB/DMX - Additional soundproofing on interior walls

Hurricane II - Complete new model / New design / Cannot upgrade older units

Polar Controller: DMX on board both the fog head and the cooling unit. Safety pressure valve shuts off in case of low water pressure. Air cooled. New 230v unit has single plug and single remote controlling both cooling and fogging.

StarHazer II - DMX now available with seperate remote and manual on/off settings. Quieter compressor.

Bubble Max Auto Fill - "Clean" switch runs warm water through the unit

Improved StarHazer III Water Based fluid - More visible now

Improved HazeMax Water Vapor Haze fluid - More visible now

JUNE AND JULY ARE "MAKEOVER" MONTHS AT CITC Bench Fee's Discounted 25%

During the months of June and July, take advantage of time to repair, recondition, or upgrade your effects equipment, which is what we specialize in. We not only work with CITC equipment, we can also repair other manufacturer's equipment as well. So call today for a discounted quote on your machines and keep them running smooth; they'll be happy you did!
