JUNE - JULY 2008 NEWSLETTER

## CITC for Germany's Smoke Factory

CITC is now taking orders for Smoke Factory's newest invention, the Scotty II

### The Scotty II Advantage:

1. Ready when you are - 1 sec. fog from cold start
2. Out performs all other 12v DC battery operated foggers with 500% more output.
3. Instant output; no waiting
4. 1 second and it heats up; no preheating when not being used
5. Out lasts number of blasts than all other 12 vdc battery operated units
6. Better price point than other comparable size units
7. Adjustable high to low output (manual on top of unit)
8. Will adjust to high for 100% output
9. Will adjust to medium for several blasts at 75%
10. For most blasts (up to 300 - 5 sec blasts), adjust to 50% (lowest setting) on one battery
11. Optional accessories: remote control & DMX control
12. Now in stock—'97Ready when you are!

## SAVE BIG WITH CITC'S JUNE PRESALE!

For the 3rd year in a row, CITC is going to have a presale from June 15th through the month of July for all products that will be shipped and billed during the month of July. When you order any product during the pre-sale, all domestic customers will get 50% off shipping (UPS ground). Export customers will receive 25% off freight.

Check your stock for products that you normally want to have on the shelf for the months of July, August, and September. Order these products in June to be billed and shipped in July, and save hundreds of dollars in freight!

And don't forget fluids! CITC fluids are all made in Washington state at CITC with the purest water and food grade quality ingredients. All are completely safe, non-irritating, and are made to produce highest quality professional special effects. Check your price sheet for new low prices!

According to recent press releases: **"E.T." IS STILL THE TOP BOX OFFICE MOVIE OF ALL TIME Since "Gone With the Wind"** (taking inflation into consideration)

Congratulations to Gary Crawford for being part of the E.T. crew working on the following special effects for this classic: E.T.'s heart light, E.T.'s glowing finger, dying flower, fog, haze, flying bicycles, fire, as well as many other effects for this movie.

**CITC new price sheets for July 1, 2008 will include new address, MAP pricing for Dealers & "More Great Specials."**
