

# Double Auto-Launcher™

Reliable and powerful, this CO<sub>2</sub> Auto-Launcher comes complete with 2, 32" "Quick Connecting" cannon tubes, 2 connection hoses, and 2 Pan & Tilt C-Clamps. It is truss mountable or can be placed on the ground. The Auto launcher also comes with a 3 year limited warranty. Auto Launchers are designed to be 100% "Fail Proof" against any pressure leaks. These patented launcher systems are capable of perfect and predictable results each and every time because they retain the CO<sub>2</sub> gas in the CO<sub>2</sub> cylinder up until the moment they are activated. (Beware of products that offer systems that pierce the CO<sub>2</sub> cylinders prior to the activation; such systems are unreliable and prone to problems!)
